MUHAMMAD HASAN

Software Engineering Undergraduate & Frontend Web Developer

Phone: +92 320 0965085 | **Email:** mhasan7062@gmail.com | **GitHub:** github.com/MHasan786 | **Location:** Mianwali / Bahawalpur, Punjab, Pakistan

CAREER OBJECTIVE & PROFESSIONAL PROFILE

Motivated Bachelor of Science in Software Engineering undergraduate at The Islamia University of Bahawalpur seeking a software engineering or frontend development internship to translate academic foundations into real-world production software. Skilled in building responsive interfaces with HTML5, CSS3, JavaScript, React.js, and Next.js, alongside certified WordPress training through the Government of Pakistan's DigiSkills Training Program. Recognized for logical problem-solving, adaptability, and effective collaboration in team and independent workflows.

TECHNICAL SKILLS & CORE COMPETENCIES

Competency Domain	Technologies, Frameworks & Capabilities
Frontend Development	HTML5, CSS3, Modern JavaScript (ES6+), React.js, Next.js, Responsive Web Design, Component-Based UI
CMS & Web Publishing	WordPress (Site Setup & Configuration, Theme Customization, Plugin Integration, Content Management)
Developer Tools & Cloud	Git, GitHub, GitHub Codespaces, Express.js Environment, MongoDB Atlas, Figma UI Inspection
Engineering Foundations	Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), Logical Debugging, SDLC
Professional Strengths	Analytical Problem Solving, Cross-Functional Team Collaboration, Self-Directed Learning, Adaptability

EDUCATION & ACADEMIC BACKGROUND

Bachelor of Science in Software Engineering (BSSE)

The Islamia University of Bahawalpur (IUB) — Bahawalpur, Punjab, Pakistan | 2023 – 2027 (In Progress)

- Pursuing undergraduate coursework in software design, web engineering, database systems, operating systems, and algorithmic problem solving while applying React.js, Next.js, and Git workflows to practical coding exercises.

Intermediate in Computer Science (ICS)

Jinnah College, Piplan — District Mianwali, Punjab, Pakistan | 2020 – 2022

- Completed higher secondary concentration in Computer Science, Mathematics, and Physics, establishing a strong analytical and programming foundation.

CERTIFICATIONS, TRAINING & PRACTICAL EXPERIENCE

WordPress Training Certification — DigiSkills Training Program (DSTP 3.0, Batch-02)

Ministry of IT & Telecom / Ignite & Virtual University of Pakistan | Dec 2025 – Mar 2026

- Completed practical training in WordPress web development, covering custom theme configuration, responsive page building, and site deployment (Issued: March 14, 2026; Certificate ID: **YSRYZH9MK** — verifiable at digiskills.pk/verify).

Frontend & Algorithmic Development Portfolio

GitHub (@MHasan786) & Cloud Development Environments | 2025 – Present

- Developed and maintained JavaScript algorithmic problem-solving exercises (MHasan786/JavaScript-Problem) and interactive data structure visualization practices.
- Configured cloud-based development workspaces using GitHub Codespaces, Express.js templates, and MongoDB Atlas integration; registered candidate for the Government of the Punjab Chief Minister IT Internship Program (CMITIP) (Oct 2026).
